#### Summary

**Overall satisfaction rate:** 92% satisfied/very satisfied

#### Most were looking for:

A general introduction to DMPs and DMPonline along with advice on how to customise it for use within their own institutions.

#### Most valuable aspects were:

Demos, customisation information, access to slides and materials.

#### Aspects that could be improved:

Many noted that no improvements were needed; two said that perhaps a slightly longer session would be better; one noted that sessions should keep strictly to time.

#### General comments:

*Very useful workshop for people working across the whole range of research support roles.*

*[DCC staff were] friendly, knowledgeable and approachable.*

*A really excellent and informative session.*
