

## **PRIVACY STATEMENT – Event registration**

### **Information about you: how we use it and with whom we share it**

We will use your personal data to allow us to process your registration, communicate with you and obtain your feedback about the event. We are processing the information about you for these purposes because by registering for the conference, you are entering into a contractual agreement for us to do so.

In order to facilitate online bookings for our events, we use Eventbrite - a third party service which is not operated by the University of Edinburgh. Details of Eventbrite privacy policy can be found at: <https://www.eventbrite.co.uk/help/en-gb/articles/460838/eventbrite-privacy-policy/>

If you wish to attend an event organised by DCC, but do not wish to use Eventbrite, please email us at: [idcc@dcc.ac.uk](mailto:idcc@dcc.ac.uk)

We will be using Eventify as our online event platform. By registering for our event, you agree for your name, affiliation and contact details to be shared with other participants on this platform. Details of Eventify privacy policy can be found here: <https://eventify.io/blog/eventify-gdpr-regulations-user-data-privacy> If you do not wish to share your details and use the platform, please email us at [idcc@dcc.ac.uk](mailto:idcc@dcc.ac.uk) by 10 January 2027.

After the event, we will send you a survey as it is our legitimate interest to help us improve any future events we organise.

We will hold the personal data you provided us for 12 months. If you have agreed to be contacted about future events, we will hold your personal data for as long as you subscribe to these updates. Financial data such as a payment record will be held for 7 years, but we will ensure that all information that can identify you directly is removed after 12 months.

We do not use profiling or automated decision-making processes.

If you have any questions, please contact us at [idcc@dcc.ac.uk](mailto:idcc@dcc.ac.uk)
