

10th Digital Curation Centre Regional Roadshow: Northeast England

Institutional Challenges in the Data Decade

From Roadmaps and Data Management Plans to Action and Impact

Date: 23-24 April 2012 **Venue:** Centre for Life, Life Centre, Newcastle upon Tyne, NE1 4EP *

Audience: Researchers, research managers and support services interested in data management, including university librarians, IT managers, staff from research offices, digital repositories and senior managers

Draft Programme

Day 1 Monday 23rd April

Introducing data management and related initiatives taking place in the Northeast, with aims to:

- Summarise emerging trends and challenges and their potential impact on HEIs
- Understand the role of the DCC in supporting research data management
- Share research data management lessons through case studies from local universities

9.30	Arrival Coffee / Tea	
10.00	Welcome and Introduction	Professor Julie McLeod Northumbria University
10.10	Overview of the roadshow	Angus Whyte, Snr Institutional Support Officer, DCC
10.20	Institutional implementation of research data mgmt infrastructure in the Iridium Project- the story so far	John Williams, Head of Digital Library services, Newcastle University Library
10.45	Researcher perspectives on putting research data management plans to work – DATUM in Action	Sue Childs / Prof. Julie McLeod Northumbria University
11.10	Tea/Coffee	
11.30	The changing data landscape and what the DCC can do for you	Kevin Ashley, Director, DCC
12.20	CARDIO Quiz - How does your data management support and infrastructure stack up? Questions to give food for thought & later discussion	All
12.50	Lunch and networking	
13.50	Research Management and Support– how research information systems can track outputs and impacts to help meet funder expectations	Simon Kerridge Director of Research Services University of Kent
14.15	Tackling the main barriers to cloud adoption	Professor Paul Watson, Digital Institute, Newcastle University
14.50	Tea/Coffee	
15.20	BRISKit: a national data hosting service for researchers in Biomedicine and Bioinformatics	Jonathan Tedds, Research Liaison, University of Leicester
15.45	Eduserv's Community Cloud for Education	Andy Powell, Research Programme Director Eduserv
16.10	Discussion – Developing support and infrastructure for RDM - What are the priorities and pressure points?	Speaker panel, All
16.35	Close	

10th Digital Curation Centre Regional Roadshow: Northeast England

Draft Programme

Day 2 Tuesday 24th April

Training for research support staff to identify data management needs and develop services

Objectives

- Understand the basics of RDM and find out about DCC resources, tools and services
- Exchange ideas, skills and expertise through breakout discussions
- Scope out research data management services needed at your institution

10:00	Arrival Coffee / Tea
10.15	Welcome and introductions: overview of day
10.30	Introduction to RDM: activities, roles and requirements (Joy Davidson DCC) <ul style="list-style-type: none"> - What is research data management? - Who is involved and how? - What skills and support are needed?
10:50	Exercise: CARDIO Quiz (Angus Whyte DCC) Organisation? Technology? Resources? – What does your institution deliver and where do capabilities need to be nurtured? An opportunity to discuss your answers and identify practical steps forward.
11.30	Coffee/ Tea
12.00	Supporting data management planning work (Kerry Miller, DCC) <ul style="list-style-type: none"> - What do funders expect? - What can the DCC DMP Online tool offer? *A first look at the new Version 3* - Putting it into context – practical issues and lessons (with Sue Childs / Prof Julie Mcleod, University of Northumbria)
12.30	Exercise: How to support researchers with data management planning Use selected case studies to work out an approach that may work for you
13.00	Lunch
14.00	Facing the data challenge: Developing institutional data policy and services (Sarah Jones DCC) <ul style="list-style-type: none"> - What role should universities play? - What are the components of a RDM service?
14.20	Exercise: Developing a strategy and roadmap for RDM support Consider what your HEI needs to do and sketch out a timeframe with actions An opportunity to learn from other groups, departments or institutions
15.00	Conclusions and next steps (Kevin Ashley/ Angus Whyte DCC)
15.30	Close
